This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 75 years.

Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

SOMETHING
To Think About
For the Advertiser and the Consumer

DO YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory

The modern City Directory is a wonderful asset, credit and benefit to the community it represents In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective

While we have offered you "Something to Think About," it is also Something Worth Remembering.

An Ideal Address . . . First-Central Tower

The 28-story First-Central Tower is the largest, newest, most up-to-date office building in Akron. This fact enables us to give tenants the utmost in comfort, convenience and service.

The building stands at Akron's busiest corner, where the most clients and customers are. An address in it is assurance that your location is universally known, and easily reached. And eight elevators take customers to you without delay.

All offices are light, airy and as commodious as desired. Those on the higher floors are free from the noises of the street, an advantage desired by many. For further information, please telephone, write or visit the Building Manager at Suite 400.
